Delivering Reliable Technology. Empowering Business Growth.

Delhi NCR

| End-to-End Solutions

About Us

At NetworkTen, we empower businesses with reliable, scalable, and future-ready technology solutions designed to simplify operations and accelerate growth. As a trusted IT infrastructure and security solutions provider in Delhi NCR, we deliver complete end-to-end services under one roof — including IT networking, CCTV surveillance, access control, biometric systems, Wi-Fi solutions, smart meeting rooms, communication systems, video walls, and workplace automation.

With a strong focus on quality, innovation, and customer satisfaction, we help organizations reduce operational costs, improve efficiency, and eliminate the complexity of managing multiple vendors. Our experienced team combines technical expertise with strategic consultation to design customized solutions that align perfectly with business requirements. At NetworkTen, we believe technology should not only support businesses but also drive long-term success. From consultation and deployment to maintenance and support, we ensure seamless execution, dependable service, and enterprise-grade solutions that businesses can trust with confidence.

Our Vision

NetworkTen's vision is to provide all IT solutions under one roof with reliable, innovative, and future-ready technology that helps businesses reduce operational costs, eliminate multi-vendor dependency, work smarter, and grow through seamless digital transformation.

Our Mission

NetworkTen's mission is to simplify the IT industry by providing complete and trusted technology solutions under one roof. We help businesses save time, reduce costs, and avoid the hassle of managing multiple vendors through the right consultation, reliable products, and end-to-end support. With a strong focus on quality, trust, and seamless service, we aim to become a leading technology partner across Delhi NCR and gradually expand our services Pan India.

Our Services

At NetworkTen, we deliver end-to-end IT infrastructure and technology solutions designed to simplify operations, improve connectivity, and support business growth — all under one roof.

Networking Solutions

Reliable, secure, and high-performance network infrastructure for seamless business connectivity.

Audio Visual Solutions

Advanced AV systems for modern meeting rooms, conference spaces, digital displays, and collaboration environments.

IT Security & Surveillance

Smart surveillance, access control, and security solutions to protect your business and critical assets.

Communication Infrastructure

Structured cabling, IP telephony, and communication systems for smooth and uninterrupted operations.

Modern Workplace Setup

Future-ready office environments designed for collaboration, flexibility, and digital transformation.

Our Advantages

One Partner for All IT Needs

No need to coordinate with multiple vendors. From Networking and Security to Cloud, AV, Surveillance, and Data Center Solutions — we manage everything under one roof.

One Trusted Partner for Complete IT & Networking Solutions Under One Roof

Reduced Vendor Dependency with Centralized Support & Faster Communication

Transparent communication with cost-effective and responsive support throughout the process.

End-to-End Expertise in Networking, Surveillance, Cloud, AV & Data Center Infrastructure

AMC Services for Complete IT Infrastructure, Networking & Security Solutions under One Roof

Our Workflow

We follow a structured process to ensure outcomes meet expectations:

Understanding Your Requirements

Understanding your business needs, operational challenges, and technology goals.

Customized Solution Planning

Designing customized IT, Networking, Security & Infrastructure solutions tailored to your business.

Seamless Deployment & Integration

Professional installation, configuration, and seamless integration of all IT systems and technologies.

Performance, Security & Optimization

Every solution is tested for reliability, scalability, security, and high-performance business operations.

Dedicated Support & AMC Services

From proactive maintenance to technical support, we provide continuous assistance to keep your business running without interruption.

Portfolio Highlights

We have successfully delivered reliable and future-ready IT projects across corporate, government, and commercial sectors.

“Every project is delivered with precision, reliability, and client-focused execution.”

Sample Projects

-  **Delivered Audio Visual Solutions at IIT Roorkee and Surveillance Projects for Delhi Police**
-  **Managed complete IT Infrastructure, Networking & Billing Solutions for Namashkaar and Fit Villa Gym**
-  **Successfully executed Networking Infrastructure Projects for the Ministry of Home Affairs**
